PROFILE

I'm a web developer with a passion for creating innovative and user-friendly websites. I have a proven ability to build websites that are both visually appealing and easy to use. I'm committed to writing good code, making websites run fast, and paying close attention to detail. I'm looking for a role where I can use my skills to help a company succeed. My goal is to build websites that people love and to create engaging online experiences.

WORK EXPERIENCE

CREATIVE SHARKS

2024 - PRESENT

Senior Web Developer

- Developing and maintaining websites, with a strong emphasis on Shopify, ensuring high performance and user satisfaction.
- Collaborating with teams to define project requirements, particularly for online stores.
- Implementing front-end and back-end solutions, with a focus on customizing Shopify themes and apps.

ONE DIZITALZ PVT. LTD.

2022 - 2024

Junior Web Developer

- Develop responsive websites with optimized cross-browser and multi-platform compatibility.
- I am capable of working on the front-end part of React and PHP design.
- Enhance web page responsiveness using CSS Media Queries.
- Utilize CSS and jQuery animations to improve website presentation.
- In-depth understanding of the CSS responsive frameworks Bootstrap 5 and Tailwind CSS.
- Implement JavaScript and jQuery to enrich the user experience.
- Develop client-side form validation with JavaScript.
- Collaborate with senior developers on PHP & React projects.

CODE EASY ACADEMY

2021 - 2022

Web Development Intern

- Gained practical experience in a wide range of web development courses, including HTML, CSS, and JavaScript.
- Learned to develop and debug web applications.
- Collaborated with experienced developers and learned about industry best practices.
